

MemeVerse Infinity Roadmap

Q4 2024: Project Launch

- **Whitepaper Release:** Publish the detailed MemeVerse Infinity whitepaper, covering the project’s vision, tokenomics, core mechanisms, and future plans.
- **Community Building:** Launch social media campaigns to build a community and attract early supporters and investors.
- **MVT Token Presale:** Conduct an early presale of MVT tokens to raise funds for the project launch.

Q1 2025: MemeFun Platform and MVT Staking Functionality Launch

- **MemeFun Platform Development and Launch:** Complete the development and launch of the MemeFun platform, allowing users to create and promote meme coins with 2,000 MVT [equivalent to 1 ALPH], and ensure liquidity pools are securely locked.
- **MVT Staking Functionality:** Enable MVT staking, allowing users to earn rewards by participating in the MemeFun platform.

Q2 2025: FomoGame Launch

- **FomoGame Development and Launch:** Launch FomoGame, encouraging user participation and offering in-game rewards.
- **FomoGame Staking Rewards:** Introduce a staking rewards system based on in-game interactions, where users can earn ALPH tokens by staking MVT.

Q3 2025: MemeBot Initial Version Launch

- **MemeBot Launch:** Release the initial version of MemeBot, simplifying user operations by supporting token trading and participation in FomoGame.
- **Community Feedback Collection:** Gather feedback from users to optimize MemeBot's functionality and improve the user experience.

Q4 2025: Expansion and Optimization

- **New Game Features:** Introduce additional games, such as NFT battle games and Guess Price, to further enhance the user experience based on community demand.
- **MemeBot Feature Expansion:** Expand MemeBot capabilities, adding advanced features like automated trading and market analysis to enhance the trading experience.
- **AI NFT Generation System:** Launch an AI-powered system that enables users to generate NFTs through innovative technologies.

Q1 2026: Global Market Promotion

- **MVT Token Exchange Listing (may happen earlier):** List MVT on secondary exchanges to improve accessibility and liquidity.
- **Global Market Promotion:** Launch a global promotional campaign to attract more users and developers to the MemeVerse Infinity ecosystem.
- **Partnership Expansion:** Establish partnerships with other blockchain projects and companies to expand the use cases and reach of the ecosystem.

Future Plans

- **Cross-Chain Integration:** Explore cross-chain functionalities, allowing MemeVerse Infinity to interact with other blockchain platforms.
- **Community Development:** Strengthen the community through online activities, attracting more developers and users to join the platform.
